

ON CALL WITH

Angelique Mason, CRNP

Primary Care Nurse Practitioner

Two Years of Service at Hahnemann University Hospital

What does your role as a nurse practitioner involve?

I diagnose and treat acute and chronic disease in the primary care setting. As a nurse practitioner, I work with patients to manage their health conditions to help achieve greater outcomes.

What do you like about working at Hahnemann?

I love the people I work with. We have such a family dynamic and it makes coming to work very enjoyable. It's a good feeling to work with colleagues who have the same goal — supporting our patients and the overall community.

What made you decide to work in healthcare?

I take pride in helping people feel better. One aspect of my job that I truly enjoy is how I can focus on providing patient-centered care. It is rewarding to empower patients to take an active role in their healthcare.

What do you like to do outside of work?

I enjoy working on DIY projects around the house, spending quality time with my son and going shopping.

What's your favorite TV show to watch?

The Sopranos
