

ON CALL WITH

Steve Hoffman

Human Resources Generalist

Four Years of Service at Hahnemann University Hospital

What does your role as a human resources generalist involve?

I assist colleagues through employee relations, leave of absences, benefits and other matters. I provide guidance to department managers and directors on human resources-related issues.

What do you like about working at Hahnemann?

Hahnemann has a unique culture that embodies a spirit of camaraderie. Your colleagues are more like family than co-workers. They are there to support you and help you succeed. One of the best aspects of my job is the relationships I have built here.

What made you decide to work in healthcare?

Human resources in healthcare is different than other fields. You meet so many individuals who are committed to serving others and making a difference. Their dedication is an inspiration.

What are your hobbies?

I love to run. I have been a runner for about seven years. During that time, I've participated in nearly 50 races, including three full marathons.

What's your favorite food?

Nothing beats a good Philly cheesesteak. Hands down, Jim's on South Street is the best.
